

Career Services Assignment 1 – LinkedIn Setup

Instructions: Follow the steps below to set up your LinkedIn account and optimize it for success. You can use the *Social Media Checklist* in the Career Services module to keep track of some of the steps you take for this assignment. The video *Setting Up Your Social Media* will help you with some of these steps as well.

1. If you do not already have a LinkedIn profile, create one. Make sure the email address you sign up with is professional (i.e. tom.sawyer@hotmail.com rather than bigdaddy227@hotmail.com)
2. Personalize your URL. Read more about it [here](#).
3. Make your email address and phone number public to 1st level connections.
4. Upload a professional headshot.
5. Change your profile's background picture. You can find some free resources on [Canva](#).
6. Set your headline to "Software Developer".
7. Create a summary statement that introduces you, talks about what you do, outlines major accomplishments, and includes something personal.
8. Fill out your experience section using 1st person to refer to yourself.
9. Add your skills and technical skills you will learn in your program of study and then pin JavaScript, ReactJS, and Software Development.
10. Add Promineo Tech to your education.
11. Fill out any other sections with relevant information.
12. Connect to your instructors, classmates, alumni and follow Promineo Tech.
13. Read [*How to Effectively Use LinkedIn in the Job Search*](#) from the Career Services module.

Career Services Assignment 1 – LinkedIn Setup

Write 3 things you learned from reading *How to Effectively Use LinkedIn in the Job Search*

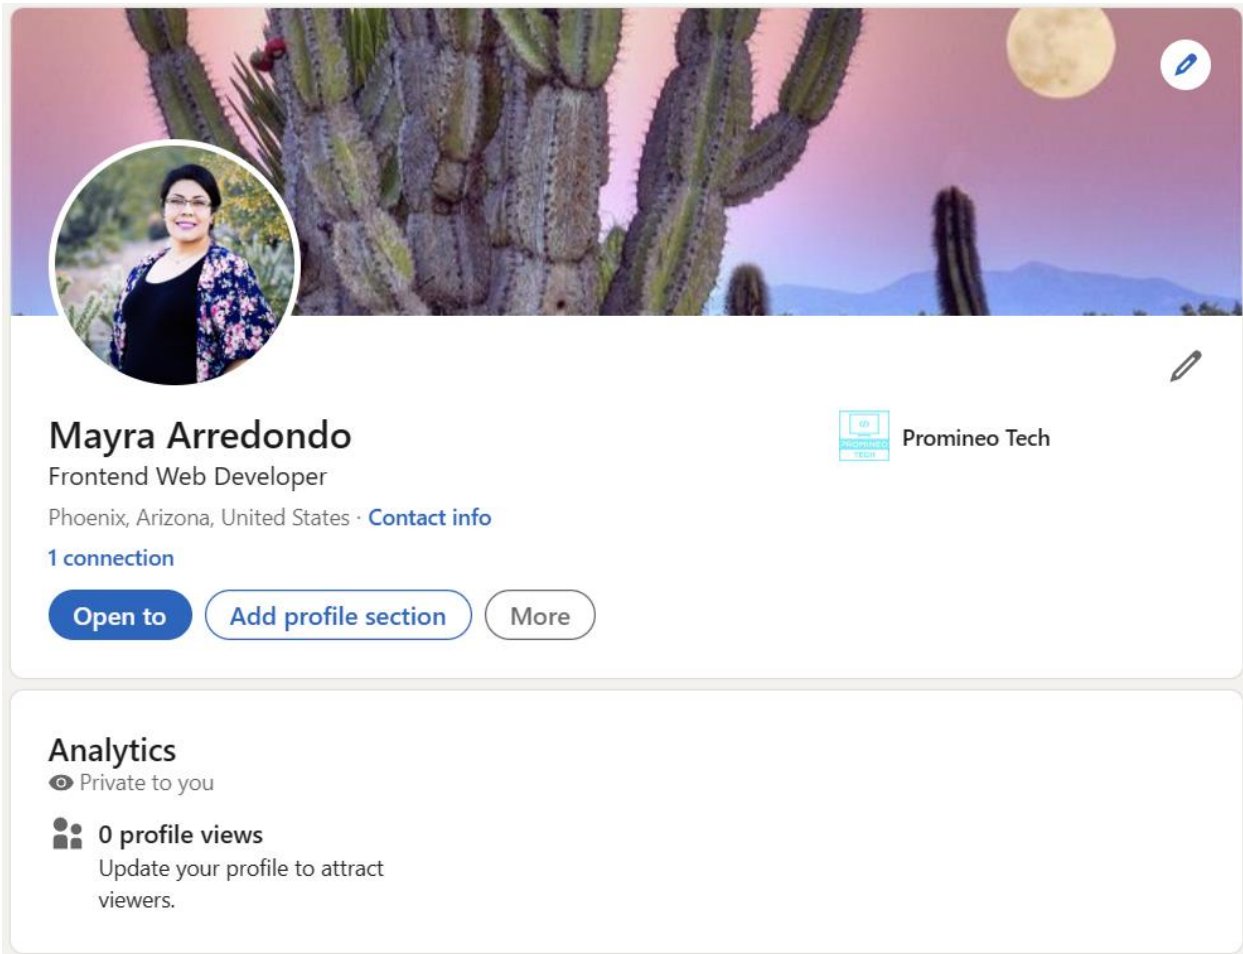

- The most important thing I learned from reading this section is under “Contributing”. The importance of being able to connect with people and them being able to know you in a personal level. Built a strong attractive social relationship with people that will connect you perhaps to an opportunity.
- Second, the things you post. Be knowledgeable, respectful, and most importantly professional.
- Lastly, Keep your profile updated. It’s important to keep up with new technologies, courses, and material.
